

REPAIR MANAGEMENT

WHAT WE OFFER

MHD-ROCKLAND offers cost-effective repair and overhaul services utilizing a network of qualified repair stations globally. We tailor to customers' individual requirements while our real-time, personalized support team keeps them informed of progress via data tracking on our online repair portal.

HOW WE ADD VALUE

- ✓ Heavy investment in kitting for repairs
- ✓ Single-source control for repairs
- ✓ Exchange pool options
- ✓ Cost control through spares planning
- ✓ Managing repair in compliance with US and Canadian export regulations

We tailor our support to meet your specific needs. Our approach is based on one objective:

Supporting fleets in their duty to fly and meet mission objectives.
