

MOOG VALVES AND REPAIR SOLUTIONS

MHD-ROCKLAND is the exclusive international distributor of Moog Valves and Repair Services for all P-3 Orion operators and related variants.

We offer unparalleled value to global operators and MRO centers through our OEM program focused on fleet sustainment solutions for the P-3, CP-140, L-188 other platforms.

Our fleet sustainment program is designed to offer

- ✓ Complete “out of the box” support
- ✓ Factory new components
- ✓ OEM repair or overhaul services
- ✓ Piece part sales
- ✓ Exchange programs & reserved inventory
- ✓ OEM warranty

Our program ensures that you have the right product on your shelf

- ✓ Eliminate lead times; ready for install (RFI) reserved stock for your program
- ✓ In Stock; factory new and/or freshly OH units
- ✓ Training to international MRO centers (approval and agreement required).

Tailored program commitment solution

- ✓ Based on fleet consumption rates
- ✓ Consigned or reserved inventory
- ✓ RFI components on the shelf
- ✓ Program-level pricing based on volume.

MHD-ROCKLAND's dedicated Fleet Sustainment Program is designed to support and service the 12 valve configurations used at multiple locations within the P-3 Orion Temperature Control System.
