

PPG AEROSPACE TRANSPARENCIES

NEW TRANSPARENCY PRODUCTS

PPG Aerospace Transparencies provides aircraft windshields and windows to the commercial, regional, military and general aviation segments.

MHD-ROCKLAND is the sole international military distributor for PPG Transparency products for Australia and New Zealand.

As a defence recognized supplier of high-quality aircraft spare parts and services, we focus on four elements: local knowledge, inventory, global network and forecasting capabilities to offer our customers cost effective aircraft maintenance solutions.

That's why fleet operators across the region rely on us to keep their fleets mission ready.

QUALITY AND COMPLIANCE

MHD-ROCKLAND is committed to continuous quality improvement and best practices in all areas of operations through regular process and supply chain reviews, transparent purchasing policies, and feedback from customer and suppliers.

MHD-ROCKLAND is also committed to ensuring regulatory compliance with all international, federal, state and local laws including ISO 9001:2008, ITAR, TRACE, AS9120A, ASA-100 and MIL-I-45208(A).
