

## PPG AEROSPACE TRANSPARENCIES C-27J

### NEW TRANSPARENCY PRODUCTS

MHD-ROCKLAND is proud to partner with PPG Aerospace to offer PPG Transparency products such as aircraft windshields and windows for the advanced C-27J Spartan tactical twin-turboprop airlifter.

The PPG windshields for the C-27J are an all-glass design to provide the operator outstanding strength, durability, improved damage tolerance and enhanced visibility.

### FEATURES

- ✓ All Glass Design Featuring Herculite® II chemically strengthened glass developed by PPG
- ✓ High strength to weight ratio, high performance, and long service life
- ✓ Greater damage tolerance and scratch resistance as a result of its high surface hardness
- ✓ Proven reliability and safety with superior optics
- ✓ High load carry capabilities.
