

FOR IMMEDIATE RELEASE**MHD-ROCKLAND Acquires Northwest Propeller Service****MHD-ROCKLAND Expands Its Capabilities by Acquiring Northwest Propeller Service.**

Montreal, Canada May 2nd, 2022 - MHD-ROCKLAND, a world-class supplier of fixed-wing aircraft parts and maintenance, repair and overhaul services announces that it has acquired Northwest Propeller Service, a Washington State-based propeller repair facility serving customers all across North America for over 37 years.

Northwest Propeller Service has earned a reputation as a leading and well-respected provider of propeller knowledge and quality workmanship for a wide range of aircraft platforms. This latest addition to MHD-ROCKLAND's portfolio will further increase its aircraft repairs service offering by adding propeller maintenance, repair and overhaul capabilities.

"We are excited to welcome Northwest Propeller's expertise and best in class services into the MHD-ROCKLAND portfolio," said Josh Miller, President MHD-R Group. "Adding their superior propeller repair and overhaul capabilities as well as their strong OEM relationships creates new growth opportunities to advance our path towards offering a more complete solution to our customers worldwide".

"We built Northwest Propeller with a vision to provide customers with high quality propeller repair services that they can trust," said Dick Jacob, Founder, Northwest Propeller Service. "Today, I am proud to say we have achieved just that, and will now be expanding on that vision by integrating with the MHD-ROCKLAND family".

The MHD-ROCKLAND team sets itself apart by working harder and smarter every day to make life easier for legacy aircraft operators around the globe. By leveraging over 40 years of experience and strong industry and OEM partnerships, we ensure flight and mission-readiness for our global customers.

About MHD-ROCKLAND

With offices in Canada, the United States, Australia, New Zealand, and Indonesia, MHD-ROCKLAND Inc. is a privately-held aerospace company that has, for more than 40 years, supplied high-caliber services, training and support to fixed-wing aircraft for military and civil aircraft operators around the globe, including manufacturer support through OEM's and other channel partners as well as repair and overhaul within its own facilities. With more than 150,000 square feet of facilities, the company has one of the largest privately-owned P-3 and C-130 inventories in the world. It's Flight Ops Unit located in Keystone Heights, Fla. is home to five P-3 Orions and four L-188 Electras. For further information, visit mhdrockland.com.
