## WORLD-CLASS PROPELLER MRO SERVICES

NW Propeller is a one-stop shop for General Aviation, Commercial and Military Fleet propeller maintenance specializing in Hartzell, McCauley, MT and Hamilton Sundstrand propeller assemblies.

As an OEM authorized facility for the Hartzell, McCauley and MT propeller assemblies, NW Propeller provides complete in-house services for operators world-wide.

Decades of propeller repair, maintenance and service experience makes us uniquely qualified to perform virtually any propeller repair.

## IN-HOUSE SERVICES

Our repair and overhaul team follows a rigid procedure to ensure that customers receive high quality service with minimum downtime.

Our overhaul process includes complete disassembly and cleaning, repair, precision blade grinding, re-assembly, static and dynamic balancing, non-destructive testing and much more.

We offer a full range of services, please contact us today for details:
